INNER GLOW OMEGA BOOSTER

Inner Glow Omega Booster is a holistic approach to complete inner health that radiates outwards. Containing an ideal ratio of Omega-3's and Omega-6's that help reduce inflammation, create a glowing coat and support overall health, Inner Glow Omega Booster was designed to also support the immune system (allergy relief), digestive tract (great for ulcer and colic prevention), hydration (helps your horse stay hydrated and retain electrolytes for faster recovery), joints and muscles (anti-inflammatory, building of topline) and improved skin coat and hooves. With added antioxidants, your horse will quite literally shine from within!

SAND-LESS

Designed for horses who are kept in sand paddocks, fed from the ground or grazing in sandy fields, Sand-Less is a nutrient-dense whole foods based monthly intestinal purge. Flax, tapioca pearls and chia work together to create an incredibly effective sand removal remedy while delivering an abundance of nutrients to the system which promote a flourishing digestive tract and the optimal health of the horse. Fennel compliments the ingredients above as an ancient intestinal remedy that soothes sensitive stomachs, encourages the secretion of saliva and gastric juices while promoting healthy intestinal flora.
